The sales of Magee Ranges are still forging ahead. Where one Magee Range was sold a few years ago, a dozen are sold today. Fifty years ago the Magee Ranges were leaders. Today they are accorded the highest distinction ever given any Range—the preference of the majority. The reason is plain as ABC:—

Successful Floriculture.

Mr. Rogers, the superintendent at the Gibbs greenhouses, has been very successful in developing the growth of roses, as well as in all other branches of the florist's art. He took a specimen of the "Souvenir de Malmaison" and by careful culture increased its growth to 21 inches, and at the end of this long stem was a blossom of larger size and beauty than the ordinary flowers, which have a stem of about six inches. Notwithstanding the inclemency of the past winter, as the greenhouses, occasioned by the substitution of wood for coal, the plants wintered well and are now in fine condition.

At Grace Methodist church, next Sunday, there will be preaching in the morning, after which the Sunday school will convene, but the other services of the day, except the Junior League in the afternoon, will be omitted on account of the union evangelistic services under Rev. Dr. Dunham at the South and North Congregational churches.

Through the generosity of one of the members of the South church new hymn books have been put into the vestry.

Special Easter services were held at Grace Methodist church last Sunday. In the morning there was an appropriate sermon by the pastor with excellent music by a double quartette. In the evening the church was crowded to the doors to hear the children in their annual concert. Over 100 remained standing through the entire service and there were many who were unable to secure admission to the house. The children gave a special exercise and there were remarks by a visiting clergyman from Philadelphia. The pulpit was effectively decorated with flowers for the occasion.

Lexington Day Observation.

St. John de Crevecoeur chapter, Daughters of the American Revolution, observed Lexington day, Monday, and were most hospitably entertained by Mrs. George H. Cross. The meeting was in charge of Mrs. P. F. Hazen, and she gave a carefully prepared paper upon the history of music from colonial times down through the Revolutionary period, which was illustrated with songs by a quartette composed of Miss Eva L. Wilde, Mrs. Hazen, Mr. Hazen and Harold O. French. Mr. and Mrs. Hazen also sang a duet. Other musical features of the evening included the rendition of the hymn on the piano in imitation of the original, and a duet solo by Mr. Harris, "The King's Hunting Jig." The prettiest feature of a delightful program was the mimnet as gracefully danced by four little people, Elizabeth Pettigrew, Virginia Goss, Richard Eastman and Hugh MacKinnon. The dancers were correctly dressed in colonial costume and their part was finely taken. Following the dance duets, refreshments were served. The parlors were lighted by the flames from the fire place and candelabra, and the evening was much enjoyed by the ladies of the chapter and a few invited guests.

Y. M. C. A. Notes.

Those attending the state convention at Burlington from St. Johnsbury were W. C. Tyler, P. F. Hazen, F. H. Brooks, E. A. Sisby, W. S. Dillon and Warren H. Fairbanks from the Academy. It was an excellent convention. Secretaries of the International committee and two from Canada were present. It is the intention now to secure a state secretary for Vermont.

If this good weather continues it will not be long before baseball will be the only game. Those interested in organizing a team among the association members are asked to leave their name and address at the office. If there are a sufficient number of each team for both senior and junior departments will be organized.

No juniors will be allowed in the building after six o'clock in the evening. This will give the seniors a chance to go on the floor. The basket ball will soon be in commission again.

A two weeks' camp will be held in July for the juniors. Time, place and detailed arrangements will be announced later. It is not too soon, however, to make plans to go. It will probably be at Lake Memphremagog, early in July.

Some new periodicals will soon be on file in the reading room.

Mr. Conwell's Lecture.

Russell H. Conwell's lecture at Music Hall Thursday night ought to draw a full house as he has been able to so fill his church every Sunday that for six years admission has been by ticket only, though his church has a seating capacity of 4200. The lecture will doubtless be the most instructive one he has ever given here as he has had so wide an acquaintance with public men and women. His subject "Personal Glimpses of Celebrated Men and Women" assures his hearers of his fine descriptive ability that the audience will be given an almost face to face view of the noted ones of this and the last generation. The tickets for this lecture are now on sale at Bingham's drug store.

A Series of Meetings.

The Methodist Episcopal church, the North and the South Congregational churches, together with the Baptist, the Free Baptist, the Universalist and the Advent churches have united in calling Rev. E. S. Dunham of Delaware, Ohio, to conduct a series of evangelistic services for ten days, commencing Wednesday evening, April 22, at half past seven, at Grace Methodist church.

On Thursday evening the service will commence at seven o'clock on account of the lecture by Rev. Dr. R. Conwell. On Friday evening the hour will be half past seven. The afternoon services will be held at the Free Baptist church at three o'clock on Thursday and Friday.

Next Sunday Dr. Dunham will preach at one of the churches in the morning and conduct union services in the afternoon at three o'clock at the South Congregational church, and in the evening at seven o'clock at the North Congregational church.

For ten years Dr. Dunham has been the chosen preacher to conduct pentecostal meetings at the annual conferences of the Methodist Episcopal church by Bishop Joyce. He is just concluding such services at Woodville for the New Hampshire conference, and at Northfield with the Vermont Conference, at which a number of St. Johnsbury people have heard him. Having a daughter at a sanatorium near Boston, Dr. Dunham decided to remain for a month in New England and this gave the opportunity of which the pastors of the churches resented, availed themselves of securing him for a short time to supplement the successful union services of Passion Week.

Every church has equal voice with the rest as to the plans for this series of meetings, and it is sincerely hoped that each church will feel intense interest in their object and great responsibility in their support.

It is affectionately urged that home duties and social functions be so arranged as not to interfere with the serious purpose of this united effort to secure a blessing from heaven upon our hearts and homes more important to us than all other matters. We especially hope that personal invitations to attend these meetings will be given to many who are ordinarily non-churchgoers.

Cures Catarhal Deafness.

One Week's Use of Hyomei Did More Than Six Months' Treatment by Specialists.

In the treatment of deafness which is often a result of catarrh, Hyomei acts almost immediately upon the inflamed membrane and the hearing begins to return at once. A few days' treatment will bring relief, and in three or four weeks, according to the severity of the case, a cure will be accomplished.

Mrs. Meeks of Martineau, N. Y., says "Hyomei is truly wonderful. I have used it but a short time and see a great change in my condition. My hearing is improving rapidly, and I had no idea I would improve so rapidly in so short a time. My breath which was very offensive to myself and others, has lost its bad odor entirely. I have spent a great deal of money with catarrh specialists and can truly say that six months' treatment of my condition is not equal to one month of Hyomei."

W. B. Eastman is selling Hyomei upon the annual plan of agreeing to return the money if the medicine does not cure. A complete outfit costs only \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler will last a lifetime and there is enough Hyomei for more than a month's treatment. Additional bottles of Hyomei can be procured for 50 cents. Compare this small expense with the fees charged by specialists, and then remember that if Hyomei does not cure, W. B. Eastman will return your money.

What other treatment for catarrh and catarrhal colds is held in this way?

SPECIAL LOAN LIST.

In addition to the above new books, fourteen volumes of recent fiction have been placed on a supplementary or special loan list, to be taken out at a rate of two cents a day. This method is being adopted by libraries, partly to provide some books not included in the accession list, partly to duplicate books that are much in demand. It is not possible for any free library to furnish all the books that people want and as fast as they want them; but in this direction the plan of a supplementary list at a small daily rate has proved very popular in some places. If it should appear that those who take Athenaeum books, like this auxiliary arrangement, it will be continued and developed. Inasmuch as the borrower pays a rental, the circulation of books on this list will not be restricted to this town, as by the charter deed, all others have to be. The special loan list is as follows:

Blue Flower. Van Dyke.

Confessions of a Wife. "Adams."

Diary of a Goose Girl. Riggs.

Intrusions of Peggy. Hawkins.

Rice's Wigg of Cabbage Patch. Heagan.

Octopus. and The Pitt. Norris.

Richard Yea and Nay. Hewlitt.

Rockhaven. Munro.

Tangled up in Beulah Land. "Mowbray."

Three Men in a Boat. Jerome.

Two Van Revels. Tarkington.

Vizier of the Two Horned Alexander. Stockton.

The record of current events at the Athenaeum includes the additional items of mutilation and theft of magazines, defacing of statuary, puncture and ripping of valuable paintings. To a heathen man things of this sort might seem peculiar. He in his blindness as bows down to restraint and fear of trespass. But in a land of enlightenment and of liberty there are those who find emancipation from such bondage to primitive ideas. Open doors, freedom of the house, access to current periodicals, to the world's literature and art, offer exceptional opportunities for the civilized man to disport himself in the exercise of inalienable liberties. What a privilege it is to cut pictures out of other people's magazines or to walk off with a few of them in one's pocket; to put fantastic touches on marble figures and air holes through canvases landscapes and madonnas. This is a free country. Individual initiative is a masterful thing. Maybe its ultimate possibilities have not been reached even yet.

Meanwhile the Athenaeum is trying to carry out the will of one who wished well to all his fellow-citizens and founded an institution for their perpetual benefit.

Arbor Day Exercises.

In most of the schools last Friday special exercises were held suggested by Arbor day and the children were taught the importance of planting trees and preserving our forests. At Paddock Village a tree was planted on the school grounds, and at Summerville four maple trees were planted at the edge of the grounds in front of the building. In each school there were social exercises and at 3 o'clock all the scholars in the building assembled around the newly-planted trees and were briefly addressed by the chairman of the school board and sang several times.

MRS. ALDRICH HELD.

She Will Be Tried for Manslaughter at the June Term of Court.

The findings of the post mortem examination on the body of Mrs. Joseph Massey, who died April 12, as the result of a quarrel with Mrs. Dan Aldrich on the Greensboro road about one mile from East Hardwick on Saturday afternoon, have been announced. The examination was made by Drs. Darling, Weeks, Gates and Harvey and the physicians are all of the opinion that death resulted from sudden congestion of the lungs occasioned by external violence. No bruises were discovered on the outside of the body.

Wednesday Deputy Sheriff Wakefield served a writ on Mrs. Aldrich and in the afternoon a hearing was held in the village hall in East Hardwick before Justice of the Peace Albert Norcross. The writ charged Mrs. Aldrich with taking Mrs. Massey's life. State's Attorney Morse was assisted by B. E. Bullard and Lawyers Taylor and Dutton appeared for the defendant. The state produced sufficient evidence to warrant holding Mrs. Aldrich for the action of the grand jury and bail was fixed at \$2,000 to be furnished by Friday night.

Not being able to furnish bail she was brought to the county jail to await appearance before the grand jury at the June term of court.

Have You Seen Them?

Beautiful and Artistic Photographs Given with Malt Breakfast Food.

To secure new users Malt Breakfast Food is making the most liberal offer ever known. A rich carbon photograph, 3x4, is in every package of the food. A certain piece of lane with a carriage factory from ideal heads and figure studies to the masterpieces of the world's greatest artists.

This liberality would not be possible were it not for the fact that these who are induced to try Malt Breakfast Food find it so superior to other breakfast cereals that they will have no other.

Malt Breakfast Food is simple, honest food, satisfying and delicious. It does not merely "feed the brain" or the muscle, but it supplies wholesome, healthy nourishment to the whole body. It is packed in full weight two pound packages, and when cooked and ready to serve one of these packages has grown into twelve packages of real food, just eight times as much as in a package of the "ready-to-serve" cereals. And isn't it better to have a hot breakfast, cooked in your own kitchen, than a cold one out of a pasteboard box?

In addition to the small photographs that are packed with the Food, large photographs, duplicates of those that sell in the art stores for \$3, are given in exchange for coupons found in the packages. These are real carbon photographs, without any printing or advertising, and will adorn any home. A sample photograph will be sent free on request by The Malted Cereals Co., Burlington, Vt.

Your grocer will explain this premium offer, and he will also tell you that he has never sold any other cereal that has given such general satisfaction as Malt Breakfast Food nor one where his customers so fully received the worth of their money.
